

## MEASUREMENT CHART

A Video Brochure or Computer CD provides instruction on measuring techniques and is available upon request.

Call Satin Stitches at 1-800-48SATIN or 763-323-9507

- ♥ Measure snugly, but not too tight.
- ♥ Have one person do all the measuring and one person do all the recording of the measurements.
- ♥ Measure over a leotard. (If this is not possible - please tell us.)
- ♥ Put an elastic band, ribbon, or string at the natural waistline while measuring.
- ♥ If you have any questions on measurements, please call! Don't measure incorrectly.
- ♥ You are responsible for correct measurements, written legibly on OUR measurement grid!
- ♥ There is generally a large amount of stretch in our performance costumes and uniforms. They can easily be handed over to next year's team expecting a reasonably good fit.
- ♥ Always measure the EXACT FINISHED LENGTH desired on pants and skirts.
